

**ISDE**The International Society  
for Diseases of the Esophagus[Current Journal Issue](#)[Upcoming Events](#)

Dear ISDE Members;

As I assume the presidency of the ISDE, I know that I have a very large role to fill as Jeff Peters, MD who is past-President did a fantastic job of organizing the ISDE further into a framework for a large society. The ISDE managed its own conference for the first time with great success. I would like to take this opportunity to thank Jeff, our executive director and Mark Ferguson, MD for their tireless dedication to the organization and to the field of esophagology.

The ISDE finished 2014 with a fantastic Congress in beautiful Vancouver. The scientific program was exciting and featured more video presentations regarding new techniques and case presentations.
